

**CITY OF WILSON
SMALL GENERAL SERVICES RATE
SCHEDULE SGS-4**

AVAILABILITY:

This schedule is available for electric service used by a non-residential customer until the maximum registered or computed 15-minute demand equals or exceeds 35 kW in two or more of the preceding 12 months, or equals or exceeds 50 kW in one of the preceding 12 months, with the following exceptions: this schedule is not available (1) for breakdown, standby, or supplementary service unless used in conjunction with the applicable standby or generation service rider for a continuous period of not less than one year, or (2) for resale service. The City may at any time conduct a test or install a demand meter to determine the maximum 15-minute demand.

APPLICABILITY:

This schedule is applicable to all electric service of the same available type supplied to customer's premise at one point of delivery through one kilowatt-hour meter.

TYPE OF SERVICE:

The types of service to which this schedule is applicable are, alternating current, 60 hertz, single phase 2 or 3 wires, or three phase 3 or 4 wires, at City's standard voltages. When customer desires two or more types of service, which types can be supplied from a single phase 3 wire or a three phase 4 wire type, without voltage transformation, only the one of these two types necessary for customer requirements will be supplied.

MONTHLY RATE:

1. For Single - Phase Service:

- | | |
|--|------------------------------------|
| A. Facilities Charge: | \$30.00 |
| B. Kilowatt - Hour Energy Charge: | 10.975¢ per kWh For All kWh |

2. For Three - Phase Service:

The bill computed for single phase service plus **\$17.00** where three phase service is readily available. If three phase service must be run to the customer, the customer shall pay in advance the estimated cost of the installation.

POWER COST ADJUSTMENTS:

Power cost adjustment charges will apply to all service supplied under this schedule as necessary to reflect changes in the City's total cost of purchased power.

PCA 1-22: A power cost adjustment of **0.436¢** per kWh will be effective from July 1, 2024 through June 30, 2026.

PCA 1-23: A power cost adjustment of **0.291¢** per kWh will be effective from October 1, 2024 through September 30, 2026. This amount may be adjusted by City staff to match NCEMPA's exact wholesale cost increase associated with 2023.

SALES TAX:

Any applicable NC Sales Tax will be added to the charges above.

CREDITS:

Any applicable credits, as approved by the City Council, may be applied to qualifying Customers' billing.

ADDITIONAL CONDITIONS:

Service rendered under this Schedule is subject to the provisions of the service regulations of the City.

Except where otherwise provided by a separate agreement, the City reserves the right to alter, amend, or discontinue service under the terms of this schedule in accordance with its rate making and rate administration standards.. In the event of discontinuation, the City will provide Customer with alternative schedule(s) under which to receive service.

Any facilities which the City provides above those which the City would normally have utilized to service Customer's Contract Demand shall be considered as Excess Facilities. Excess Facilities shall be subject to an additional monthly charge to Customer equal to 2.0% of the installed cost of such excess facilities

PAYMENTS:

Bills are due when rendered and are payable without penalty if paid on or before the Due Date stated on such bill. If any bill is not so paid, the City has the right to assess a Late Penalty and suspend service in accordance with its Customer Service Policies.

LIABILITY:

The City does not guarantee or warrant continuous electric service, and expressly disclaims any such warranty, express or implied, to provide continuous service. The City shall use reasonable diligence to provide uninterrupted service, and having used reasonable diligence shall not be liable to any consumer for damages due to failures in, interruptions of, or suspension of service, including, without limitation, surges. The City reserves the right to suspend service without liability on its part at such time, for such periods, and in such manner as may in its judgment be required for the purpose of making necessary repairs on the lines or other parts of its system.

POWER QUALITY:

Customer agrees that should it use any part of the power delivered for processes that create power quality issues, including but not limited to harmonic problems, voltage flickers, or voltage fluctuations, that negatively impact the City's electric system, Customer will install and maintain proper regulating, controlling and auxiliary apparatus and devices necessary to correct any problems created by Customer's processes or equipment. Should Customer, after written notice from the City, fail to correct any problems created by power quality issues, the City may choose to exercise one of the following options:

- Make electric system enhancements that would mitigate problems created by Customer. A 2% facilities charge will be billed to Customer monthly based on improvement costs necessary to mitigate problems created by Customer.

- If Customer refuses to make necessary improvements or pay the City a facilities charge for improvements, the City may elect to discontinue service.
- Should Customer facilities create a problem on the City's Electric System that must be dealt with immediately, the City shall have the authority to disconnect service promptly. The City shall take reasonable measures to notify Customer as soon as practical so Customer will have an opportunity to correct the problem(s).
