

**CITY OF WILSON
LIGHT UNIT RATE
SCHEDULE LU-3**

LIGHTING SERVICE

This Schedule is available for lighting of outdoor areas, private streets, private driveways, by means of Light Emitting Diodes (LED) light fixtures. Mercury, Sodium or Metal Halide light fixtures are no longer available for new installations. Rates are applicable until the fixture is replaced with an LED fixture. Service includes furnishing and installing light fixtures on poles owned by the City. Illumination is provided approximately from dusk to dawn. Upon notification, the City will perform any maintenance needed to restore service. Maintenance service will be performed during regular working hours.

MONTHLY RATE

The Monthly Rate will be billed for each fixture, fixture and pole, or fixture, pole and underground (UG) service.

- **Fixture:** The Monthly Rate for a “Fixture” provides for the installation, operating and maintenance costs of a standard lighting fixture on an existing utility pole.
- **Fixture & Pole:** The Monthly Rate for a “Fixture & Pole” provides for the installation, operating and maintenance costs of a standard lighting fixture, a 30’ wooden utility pole and up to 125’ of overhead electric service.
- **Fixture, Pole & UG:** The Monthly Rate for a “Fixture, Pole & UG” provides for the installation, operating and maintenance costs of a standard lighting fixture, a 30’ wooden utility pole and up to 125’ of underground electric service.
- **Additional charges:** Additional charges will apply for any additional facilities including the installation of poles other than those on which lighting units are installed, an extension of the City's primary conductors, the installation of a transformer used only for the lighting service, additional electric service greater than 125’, conversion of existing overhead secondary conductors to underground, or abnormal construction costs when the standard construction equipment and methods cannot be used to install the fixture, pole or electric service. Examples include but are not limited to the installation of electric service under paved areas, removal and replacement of paving or removal of rock.

STANDARD FIXTURES AVAILABLE FOR NEW INSTALLATIONS:

Size (watts)	Pattern (type)	Output (lumens)	Monthly Rate		
			Fixture	Fixture & Pole	Fixture, Pole & UG
~30	3 or 5	~4,800	\$5.48	\$15.12	\$23.76
~101	2 or 3	~15,000	\$9.38	\$19.02	\$27.66
~162	3	~24,000	\$14.24	\$23.88	\$32.52
~146	Flood	~20,000	\$17.90	\$27.54	\$36.18
~266	Flood	~33,500	\$27.53	\$37.17	\$45.81

SCHEDULE LU-3
(Continued)

NON-STANDARD FIXTURES

Requests for a fixture or pole other than a standard fixture or pole require approval by the Director of Wilson Energy. Only utility grade poles and LED fixtures are permitted. The installation of approved non-standard fixtures requires the payment in advance of the total cost of installing the non-standard fixture minus the cost to install a standard fixture. The Customer will pay the monthly charge of the most similar standard LED fixture as determined by the Director of Wilson Energy. If the non-standard fixture requires repairs or replacing such as due to an accident or vandalism, the Customer will be responsible to pay in advance the costs for all such repairs or replacement. If the Customer declines to make such payment the fixture will be replaced with a standard fixture and the non-standard fixture will be returned to the Customer.

UNDERGROUND SERVICE (UG)

Underground Service includes the installation of the first 125' of underground electric service. Any additional length of underground electric service, the installation of a transformer used only for the lighting service, or other facilities are to be paid in advance by the Customer.

AREA LIGHTING POLES

The standard area lighting pole is a 30' wooden utility pole. The Customer requesting a pole other than a standard 30' wooden utility pole will be required to pay in advance the total cost of installing the non-standard pole minus the total cost to install a 30' wooden utility pole. The non-standard pole must be a utility grade pole approved by the Director of Wilson Energy.

PAYMENTS:

Bills are due when rendered and are payable without penalty if paid on or before the Due Date stated on such bill. If any bill is not so paid, the City has the right to assess a Late Penalty and suspend service in accordance with its Customer Service Policies.

CONTRACT PERIOD:

The contract period shall not be less than **three (3)** years for overhead service and not less than **five (5)** years for underground service and shall extend from month to month thereafter until terminated by the customer or the City. The customer may terminate the agreement before the expiration of the initial contract period by paying to the City a sum of money equal to 40% of the bills which otherwise would have been rendered for the unexpired months of the initial contract period. The City may terminate the agreement at any time with 30 days' notice to the Customer.

SALES TAX:

Any applicable NC Sales Tax will be added to the above charges.

ADJUSTMENTS:

This rate schedule may be amended or adjusted from time to time by the City.
